

# My coronavirus story.

EVERYDAY LIFE IN CONFINEMENT IN 2020.

Hey! I'm Elodie this  
behind me that my  
house! For a long  
moment I will inside so I  
will relate to you my  
confinement!

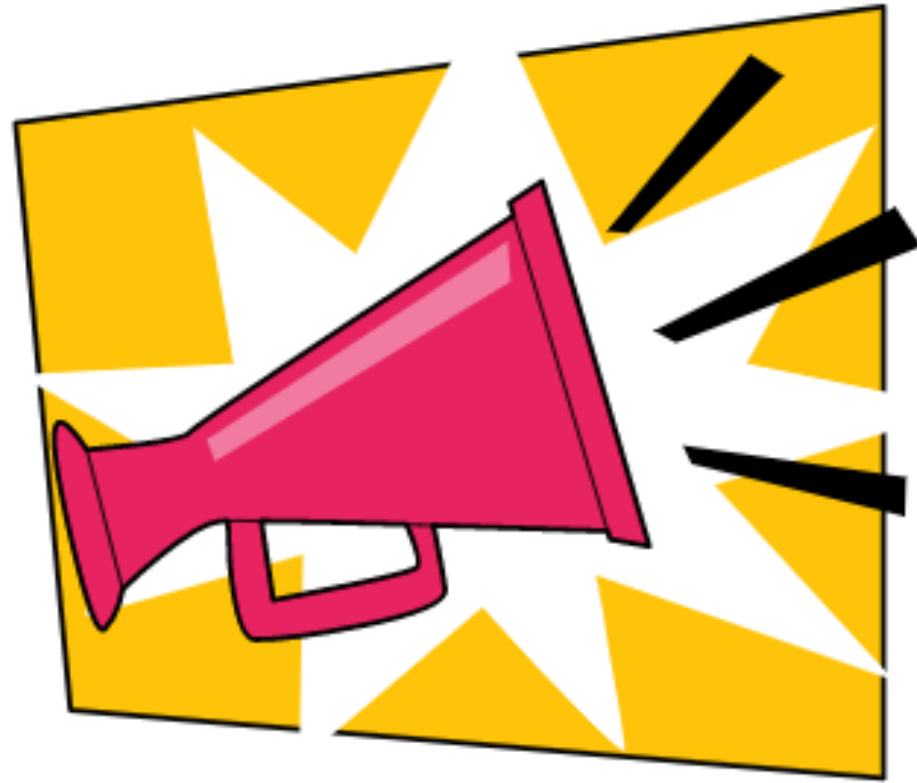

Everything start on *Monday March 16th.*

It is  
8 p.m the  
president talk  
will begin.

My dear  
compatriot, we are  
facing a social war  
against the  
coronavirus.

We  
are in  
war!

OMG! He  
says 4 times we  
are in war! What he  
will say after?

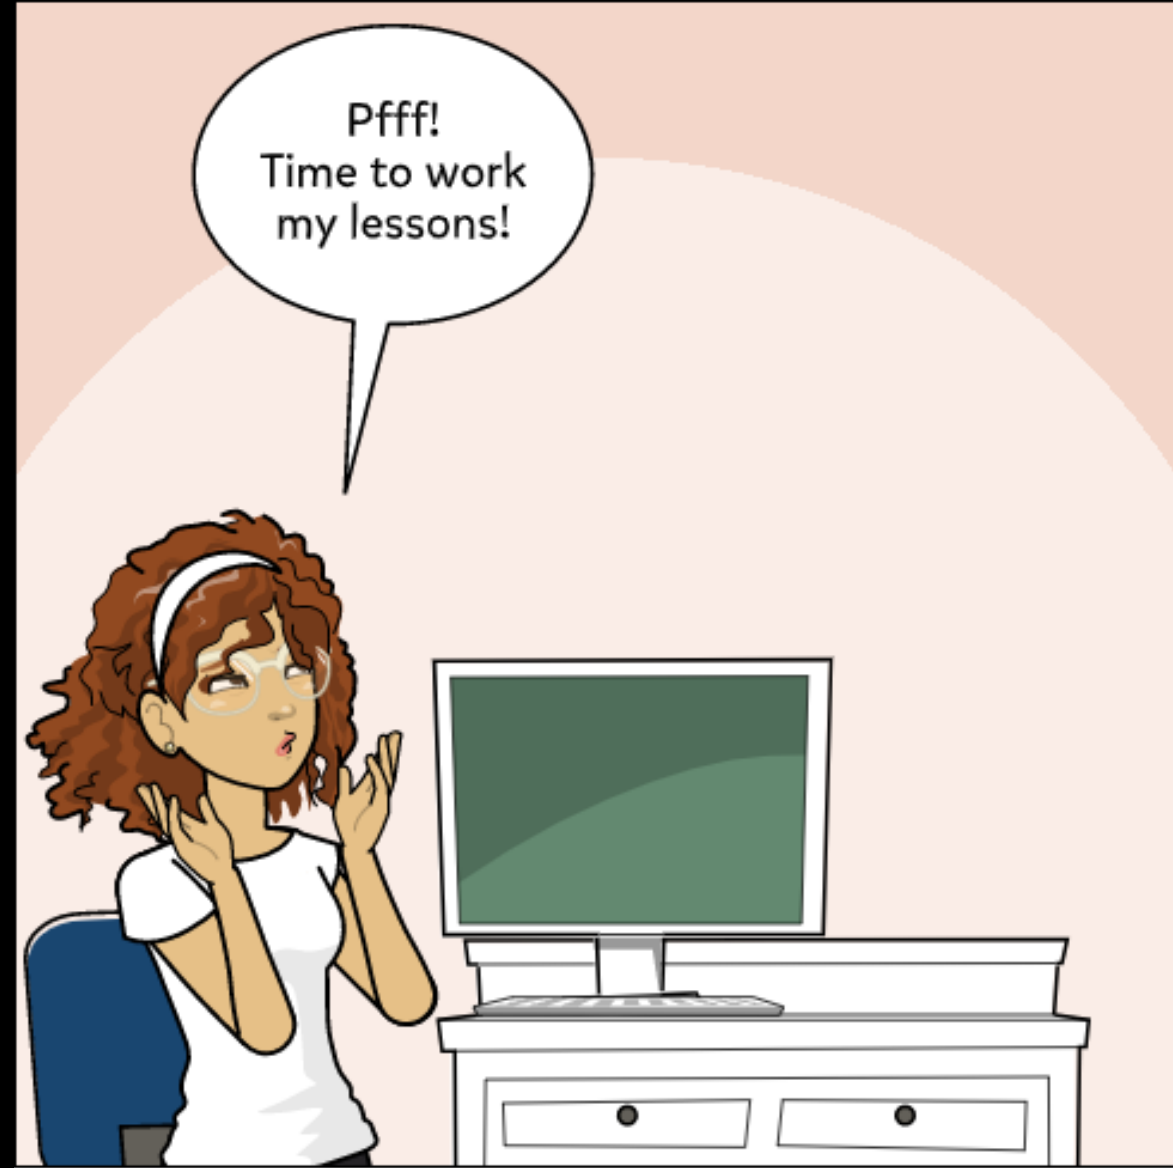

And here we are now. So what I do during my confinement? Let's explain one day because there are all the same.

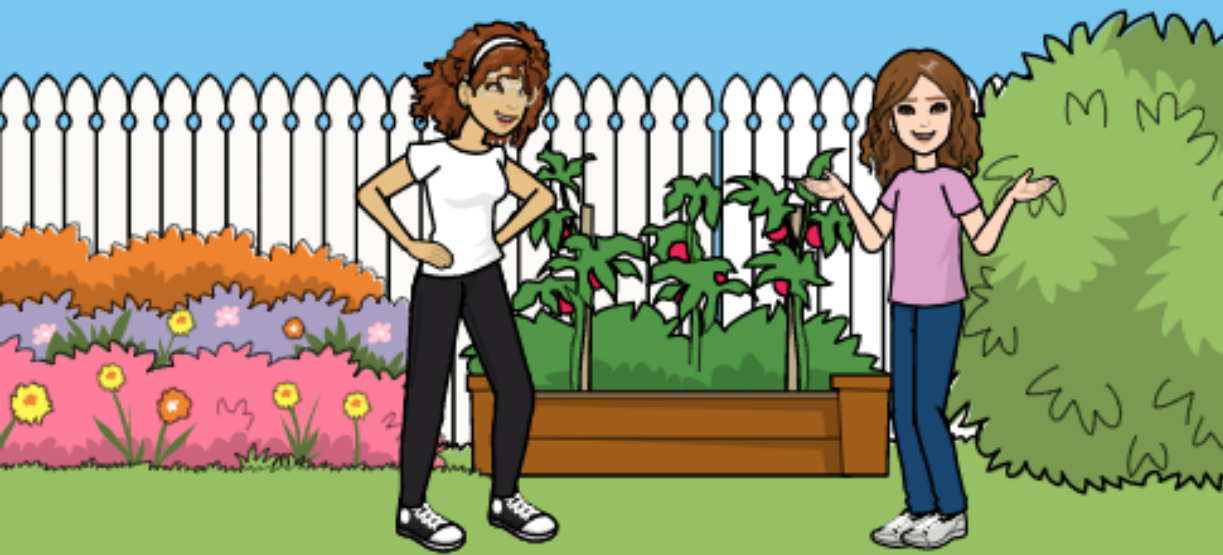

Oh  
why not!  
Let's do this!!

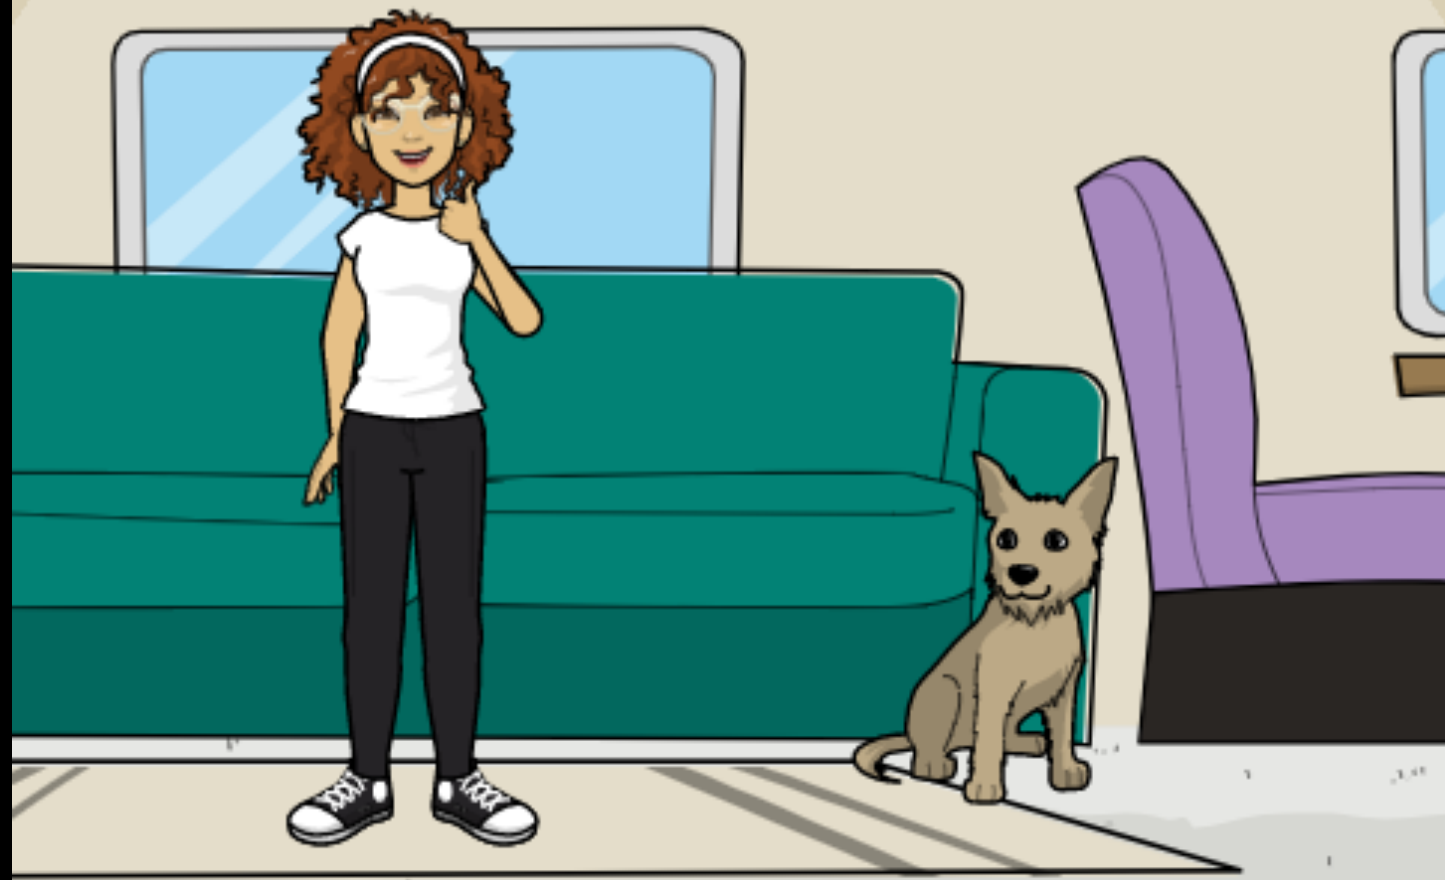

Hey Elodie,  
why don't we  
do a vegetable  
garden during  
the  
confinement to  
pass time?

I work  
outside, I  
must wash my  
hand!

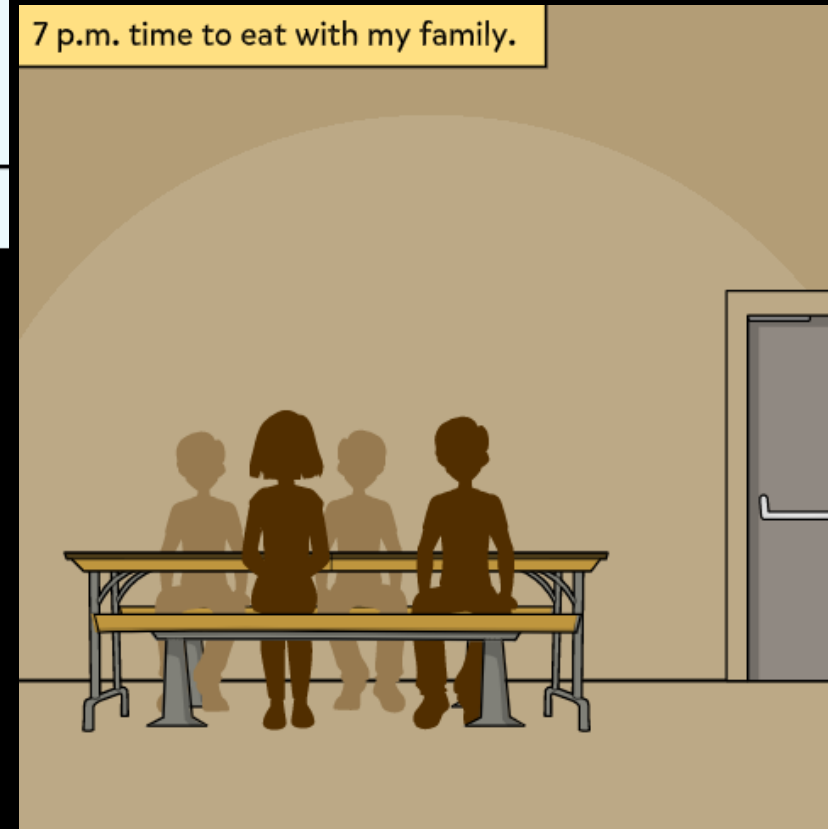

Need  
to lay in the  
sofa and do  
nothing.

7 p.m. time to eat with my family.

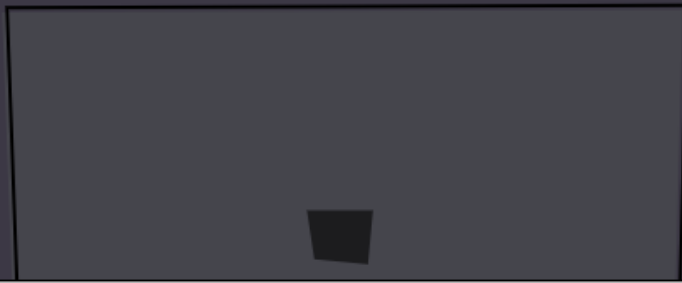

Let's watch a movie on netflix!

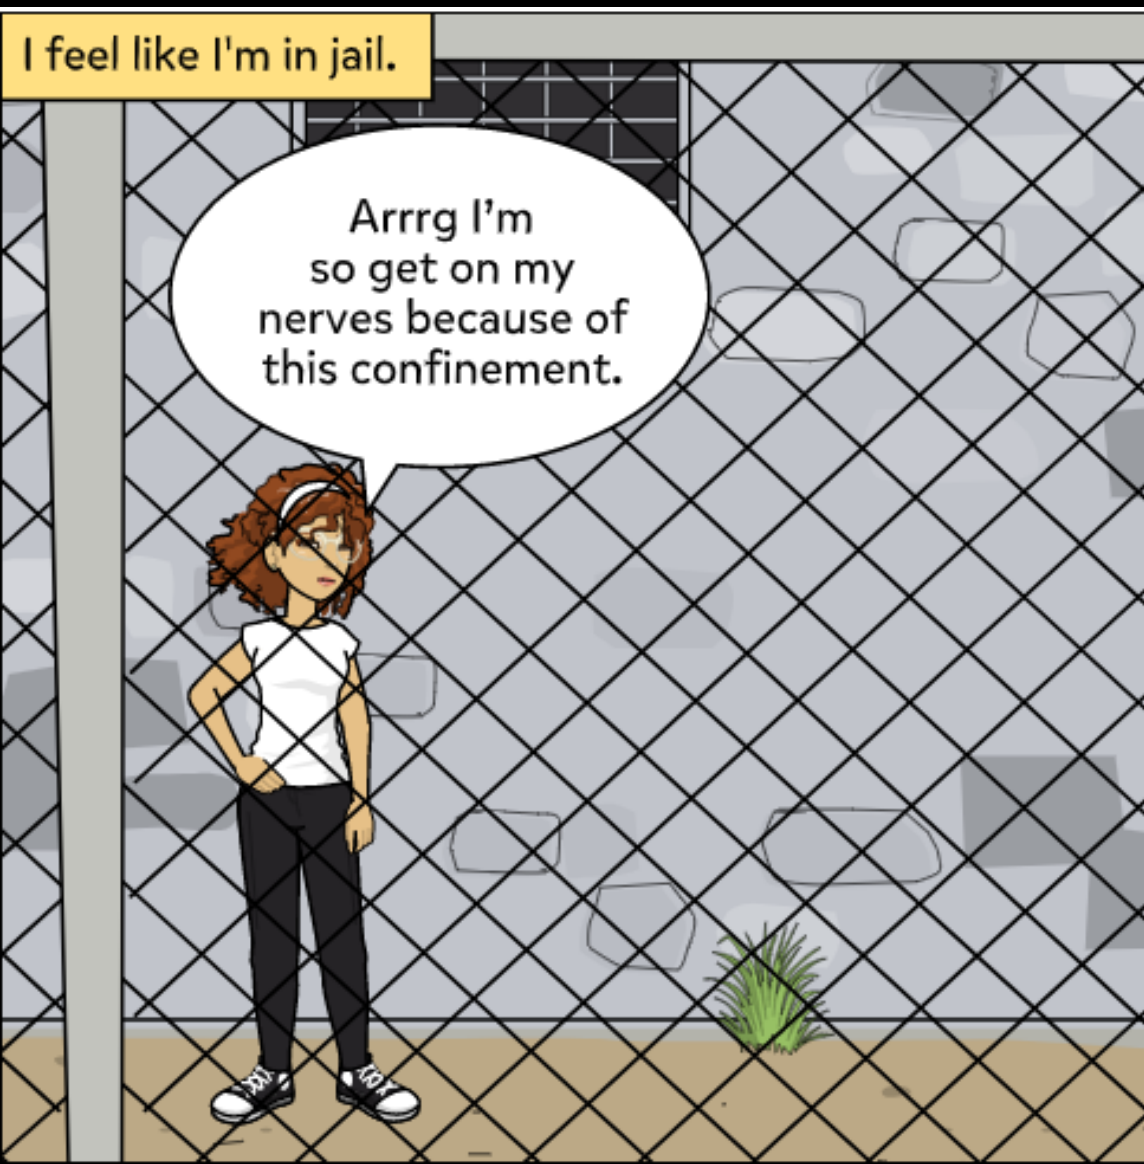

TOUDOUM!

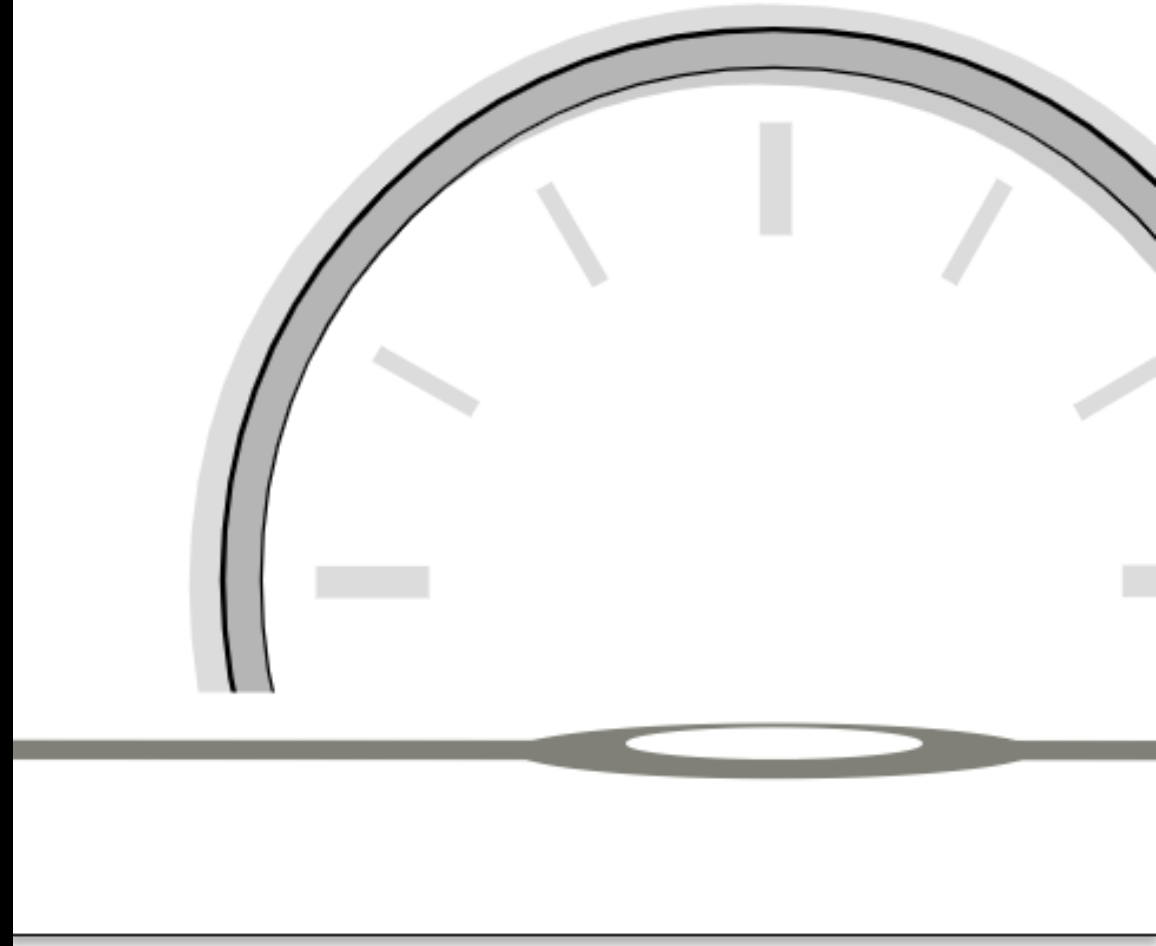

Time to sleep!

Or in a temporal loop because every day are the same.

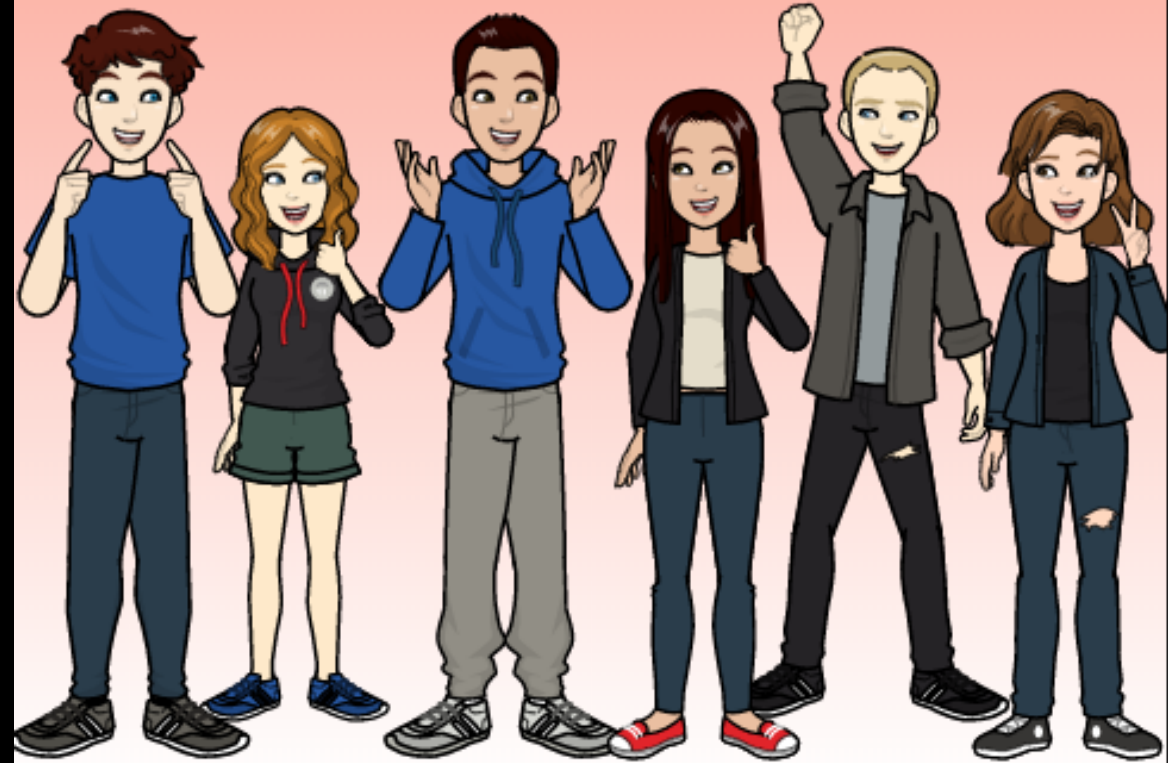

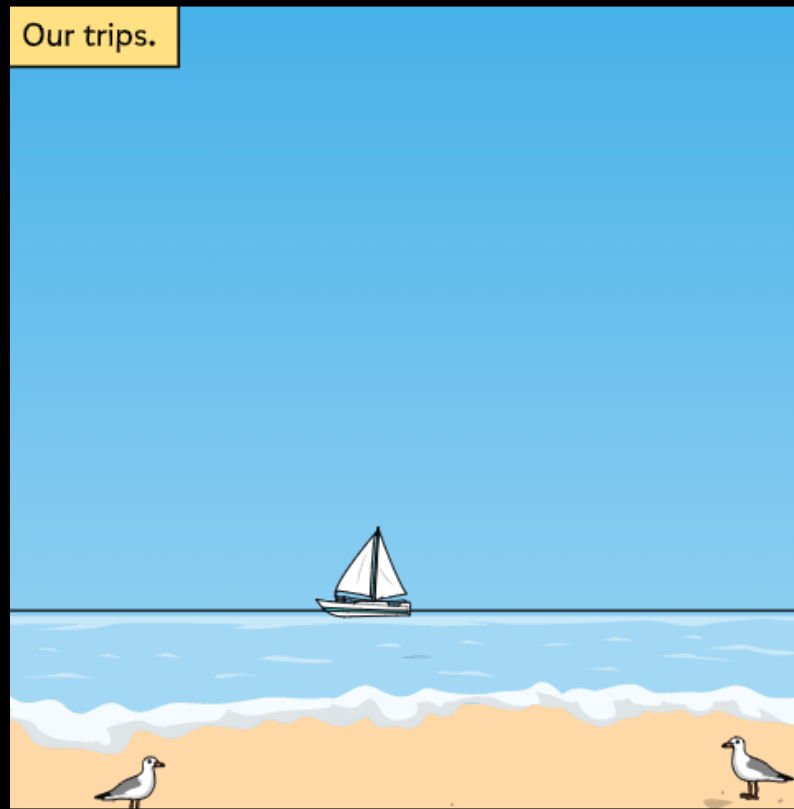

Oh I will forgot the most important thing!

Sometimes  
I call my friends with  
facetime and I'm so  
joyous when I see  
them all!

Facetime is like a reunion! I m so happy when we are  
together. We spend 2/3 hours in phone and we always  
laughting.

I dream of the liberty  
when the confinement  
will be finish! I hope it  
would not be long!

THAT THE END OF MY EVERYDAY LIFE DUE TO THE  
CORONAVIRUS (COVID-19).
